## Energy Tax Credit Certification 2009

Garage Doors, Incorporated certifies that the listed garage door systems are eligible for the Federal Energy Tax Credit\* as amended and expanded under the American Recovery and Reinvestment Act of 2009.

- The following wood constructed door series manufactured with polystyrene insulation are qualified –

The Model T  
The Model A

The Plantation Series  
The V-1 Series

- The following steel constructed door series manufactured with 2 inch polystyrene insulation and steel back are qualified –

The V-1 Steel Back

Long and Short panel steel doors – 2 inches thick

\*All qualifying garage doors systems must be installed on an insulated building with Perimeter Seal Style door stop and weather-stripping at the driveway slab to control air infiltration. Installation must occur between January 1, 2009 and December 31, 2010.

**This credit is not available on new home construction.**

See DASMA TDS-163

Under penalty of perjury I affirm that this qualifying certification statement is true and correct to the best of my knowledge and belief.

V. Scott Jensen  
CEO  
Garage Doors, Inc.

A handwritten signature in cursive script that reads 'V. Scott Jensen'.
